Subject: RE: AAGB-2014 registration reminder

Peanut Scientists:

The AAGB-2014 -- the 7th International Conference on Advances in Arachis through Genomics & Biotechnology will be held on November 11-14 in Savannah, Georgia. Early registration fees will end on August 31, so I encourage you to register soon. Registration and hotel information information can be found at the website <http://www.peanutsusa.com/aagb-2014>.

Also, the deadline for abstracts is September 15, and please send them to tom_stalker@ncsu.edu<mailto:tom_stalker@ncsu.edu>. Please clearly indicate whether you wish to make the presentation in the oral sessions or as a poster presentation.

The organizing committee has prepared an exciting program that reflects recent advances in peanut genomics and the conference will include presentations, posters, discussion groups and many social activities. There will be a workshop on using PeanutBase, so remember to take your laptop computer so you can participate through the wireless connection.

Please pass along the announcement to your colleagues and students.

I look forward to seeing you in Savannah, and if you have any questions, please feel free to contact me (tom_stalker@ncsu.edu<mailto:tom_stalker@ncsu.edu>).

Sincerely,

H. Thomas Stalker
Chair, AAGB-2014
