Subject: Think Tank on Thursday is canceled.

Hi Everyone,

Thanks to all of you who attended our two think tanks during the 12th ISRFG meeting. We have some very nice discussions and I really appreciate Laura Bartley and Rachel Meyer for taking excellent notes.

We originally planned to hold two think tanks sessions during the meeting and then a 3rd one on Thursday at AGI. I have decided not to hold the Thursday meeting as I feel we achieved our goal during the Sunday and Monday sessions. I hope this does not inconvenience any of you too much. If you are interested in visiting our lab on Thursday please let me know and we can make the arrangements.

Warm wishes and thanks for all your support.

Regards,
Rod
