제목 : Follow up to Seattle soybean meeting

Folks, Sorry for the late date. But would there be interest in having a follow up meeting to the SEattle meeting at PAG (San Diego) this year? If so, please let me know this week and I will find a time and room to do this. I think that Steve Cannon was able to get some funding to get the global inventory started. There may be other updates or items to discuss as well.

Thanks Scott
