Subject: Re: Invitation to Register for CROPS
Date: Sunday, December 14, 2014 12:02:52 AM

Will the website URL be the same after the permanent site is set up?

All,

Attached is a flyer that you may use to send to your contacts to invite them to register for the CROPS conference. Also attached is an email sample that you may use to create your personal email invitations.

The flyer and the email content links to our temporary website for CROPS. The registration page is set up where people may go ahead and register for the conference. Our permanent CROPS website which should be ready by the end of next week will be more appealing and will contain more extensive information on the conference.

If you have a list of contacts that you would like to invite to the conference but would prefer that we send the email, please send me the name and email address and we will get this out for you. All contact names you send will be kept confidential and used only for CROPS communications.

Thanks for your help.

Deborah
