Peter was a great hire but sorry to hear that you are stepping aside. You had a great way of synthesizing all our randomness into a coherent and convincing story:)

Hi Scott,

OK, thanks for reconfirming. The Treaty is organizing the logistics this time and I have forwarded to them your message, but not yet heard back. Since participants are expected to cover their own costs, if I were you I would just go ahead and mention during the booking process that you are associated with the DivSeek meeting on the 9th. They should be able to tell you whether there is a contingent held for meeting attendees.

Btw, I probably won't be attending since Peter Wenzl will take over DivSeek from the Trust's side starting January.

Cheers,  
Hannes

hi Hannes, I will attend. IS there a room block that we need to reserve at the Hilton?
