Jeremy, do you have access to this? I'm in the Savannah airport and internet is terribly slow.

scott

Hi Scott,

Good seeing you in Savannah. I think I understand the 'ask' below. You would like JM, Rajeev and I to decide/fill in gaps on the speaker agenda on Thursday. Could you forward the overall skeleton of the Program Agenda so it is easier to see how to slot folks in. Sorry if sent earlier -I also did not get the Google docs.

Thanks,

Jeff

I'm attaching an Excel version as Jean-Marcel was having difficulty accessing the Google Doc version. Jean Marcel has some ideas to add but I also copied Rajeev and Jeff so that you three can coordinate on these speakers for the main sessions and the wrap up session on Thursday.

Scott
