**Subject:** Reg Illrd Project Advisory Committee  
(PAC) meeting of the USAID project

Dear All,

This has a reference to our earlier email about the Illrd Project Advisory Committee (PAC) meeting of USAID funded pigeonpea project entitled "Pigeon pea improvement using molecular breeding" that we were planning to convene on 17th Feb 2015 at ICRISAT, Patancheru.

In addition to receiving apologies from some PAC members for not being able to participate in the meeting because of their other schedules, some members suggested to postpone this meeting sometimes later near to completion time of the project. Based on these suggestions, we would like to proposed to organize the next meeting sometimes in July 2015. We will get back to you about it in due course.

Please note that we are continuing with

the Next Generation Genomics meeting (Feb 18-20, 2015). So in case you are planning to participate in it, please continue to receive updates on this meeting. We are looking forward to welcome you in the NGGIBCI meeting in Hyderabad.

Our sincere apologies for any convenience caused to you due to above.

Thanking you once again for all your help and support.

Many thanks and kind regards

Rajeev
