It seems that only Brian, Nong and I will be available. Shall we meet briefly?

Rajeev, I have sessions before that.

Thanks Scott for this message. As I have a talk at 1.15 PM on Monday, I will not be able to make it. If this is advanced to 10.00 am or 11.00 AM.

Many thanks and kind regards

Rajeev

What about 12:50 on Monday for a peanut meeting? I've copied the broader group here. I don't have a room, but we can get a head count by response to this email and find a place.

Thanks,

Scott

I will be there, we can do a small scale meeting, how about Sunday morning?
Thanks. Happy New Year to everyone.

Brian you are the first I've heard from about the possibility of a meeting. I can email the broader group and see who is interested to meet. Unfortunately the Bertiolis will not be there. So discussion of the manuscript will be somewhat limited.

Brian,

If held, Scott agreed to organize a meeting for those who attend. I will not attend PAG this year. Thanks.

I was wondering if we are having a peanut meeting at PAG? Just trying to establish my overall schedule.

Thanks
