Re: FOI Case No. 42908

Dear Mr. Hammond:

This is a partial response to your September 11, 2014, Freedom of Information Act (FOIA) request addressed to the National Institutes of Health (NIH), which was received by the NIH FOIA Office that same day. You requested copies of all response letters to reports of incidents received by NIH under the NIH Guidelines from January 1, 2014 to the present.

Upon receipt of your request we searched the files of the Program on Biosecurity and Biosafety Policy within the NIH Office of the Director for responsive records. Attached are 216 pages of documents responsive to your request. Please be advised that additional records are currently under review and we will make further releases as the documents are prepared for release.

Sincerely,

A handwritten signature in black ink, appearing to read "Timothy Redmond".

Timothy Redmond
Freedom of Information Specialist, NIH
