INFECTIOUS DISEASE CONTROL

CONTAMINATED SHARPS INJURY REPORTING FORM

The facility where the injury occurred should complete the form and submit it to the local health authority where the facility is located. If no local health authority is appointed for this jurisdiction, submit to the regional director of the Texas Department of State Health Services (DSHS) regional office in which the facility is located. Address information for regional directors can be obtained on the DSHS webpage at http://www.dshs.state.tx.us/regions/default.shtm. The local health authority, acting as an agent for the Texas Department of State Health Services will receive and review the report for completeness, and submit the report to: IDEAS, Texas DSHS, 1100 West 49th Street, T-801, Austin, Texas 78756-3199. Obtain copies at http://www.dshs.state.tx.us/idcu/health/infection_control/bloodborne_pathogens/reporting or from Texas Department of State Health Services regional offices.

Please complete a form for each exposure incident involving a sharp.

On August 4, 2010 we received notice that you reported an on the job injury. We are denying your claim for workers' compensation benefits. Workers' compensation benefits, including medical benefits, are not being paid because:

The Texas A&M University System as the workers' compensation insurance carrier for the Texas A&M University disputes compensability/liability for the incident that occurred on or about 08/03/2010. Exposure in and of itself would not be considered an injury in course and scope of employment, absent physical harm or damage to the physical structure of the body , nor an occupational disease absent an illness resultant from the exposure. If further evidence is presented, it will be reviewed.

If you do not agree with the denial and refusal to pay benefits, please contact me:

Adjuster's Name: **Kaye Ball**
Toll Free Telephone #: **1-866-249-8574**
Fax #/E-mail Address: **1-979-458-6247/KBall@tamu.edu**

If we are unable to resolve the issue to your satisfaction, you may contact the Texas Department of Insurance, Division of Workers' Compensation for further assistance. You have the right to request a Benefit Review Conference. Contact the Division office handling your claim at 1-800-252-7031.

If you would like to receive notices such as this by facsimile or e-mail, please contact me and provide your facsimile number or e-mail address.

Please note that making a false or fraudulent workers' compensation claim is a crime that may result in fines and/or imprisonment.

On August 4, 2010 we received notice that you reported an on the job injury. We are denying your claim for workers' compensation benefits. Workers' compensation benefits, including medical benefits, are not being paid because:

The Texas A&M University System as the workers' compensation insurance carrier for the Texas A&M University disputes compensability/liability for the incident that occurred on or about 08/03/2010. Exposure in and of itself would not be considered an injury in course and scope of employment, absent physical harm or damage to the physical structure of the body , nor an occupational disease absent an illness resultant from the exposure. If further evidence is presented, it will be reviewed.

If you do not agree with the denial and refusal to pay benefits, please contact me:

SUPERVISOR'S STATEMENT **CLAIM # 210-0536-02** KB

Injured Employee:
Social Security Number:
Date of Injury: 8/10/10
(date knew or should have known of injury)

Location (area) employee was working when injury occurred: Employee was working in room (biosafety level 3 suite) in building 1197

Body Part Injured: due to accidental failure to don respirator employee may have inhaled infectious agent Brucella spp. Right vs. left does not apply
(please indicate if right or left applies)

Describe symptoms and dates reported by employee for this injury: the employee was seen by the occupational health physician at Scott & White who prescribed appropriate antibiotics and serological monitoring for infection which can take several weeks to observe.

List any person you feel may have knowledge to support this claim for compensation: The employees co-workers Yaping Fan and Gabriel Gomez were in room at the time of the incident.

Please indicate number of job tasks routinely required which may be related to an occupational exposure injury: personnel work in the BSL3 laboratory continuously and are required to receive training from the university and the individual investigators. Ordinarily all manipulations of infectious agent are performed within biological safety cabinets. The work being done was also contained within the BSC, as such the risk of infection was low. Respiratory protection is worn to prevent against infection in the case of spills or other accidents.

PLEASE USE THE INFORMATION BELOW AS YOU DEEM NECESSARY

☐ We have received a medical bill/report that indicates an injury may have occurred on . Please verify with your records. If an injury occurred forward a copy of the Employer's First Report of Injury or your incident/accident report so we may timely process the medical bill. If an injury has not been reported, please notify this office, in writing, as soon as possible. ***If a response is not received within 3 days of receipt of this notice the claim for compensability will be accepted.***

☐ The employer's First Report of Injury has been received. Weekly compensation benefits will begin after the seven day waiting period pursuant to the Texas Workers' Compensation Act if disability continues **unless a Supplemental Report of Injury is received indicating the employee has returned to work or unless the Request for Paid Leave is received indicating that the employee will use sick and or annual leave.** A wage statement is required if the employee is disabled for more than eight days, even if the employee is using sick/annual leave of FMLA leave.

☐ This claim has been accepted as a compensable injury.

☐ This is a questionable claim. However, sufficient evidence does not exist at this time to contest compensability. Please provide us with written witness statements, and any other objective information that would assist us in making a determination of compensability.

☒ This claim has been denied because:
- ☒ There was no injury in course and scope of employment
- ☐ The injury was not sustained in the course & scope of employment
- ☐ Untimely notice of injury was given
- ☐ The injury is considered an ordinary disease of life
- ☐ Disability only, medical documentation required to establish physical harm
- ☒ Other: Potential Exposure

☒ Other: We are denying the potential exposure, but we will pay for testing and preventative meds and medical care.

You have been certified to have reached Maximum Medical Improvement (MMI) and had an Impairment Rating (IR) assigned. Entitlement to Impairment Income Benefits (IIBs) begins the day after the date you were certified as having reached MMI. For each percentage point of impairment rating, you will receive 3 weeks of benefits. The amount of your IIBs benefit is based on 70% of the reported Average Weekly Wage of $479.12.

We have received a report from Dr. Eric Wilke, M.D. (copy attached) certifying that you have reached MMI and you do not have any permanent impairment as a result of this compensable injury. Based on this report you are not eligible for any income benefits of any type. You remain entitled to necessary medical benefits related to this injury.

If you are expected to be paid benefits for a period of eight weeks or more, you may request that we make benefit payments by electronic funds transfer directly to your bank account. Also, you may request that we change your IIBs to a monthly payment.

Explanatory Comments:

If you do not agree with this certification of MMI and/or IR you have 90 days from the date you receive this notication of MMI and/or IR to file a dispute with the Texas Department of Insurance, Division of Workers' Compensation by contacting the Division office handling your claim at 1-800-252-7031.

If you are interested in having your payments made directly to your bank account or do not agree with the finding of MMI, IR certified by the doctor, or the amount being paid please contact me:

☑ Treating Doctor ☐ Doctor Selected by Treating Doctor acting in place of the Treating Doctor ☐ Designated Doctor Selected by the Division

☐ Carrier-Selected RME Doctor approved by the Division to evaluate MMI and/or permanent impairment after a Designated Doctor examination.

NOTE –If you are not authorized by Rule 130.1 to file this report, you will not be paid for this report or the MMI/impairment examination.

14. I HEREBY CERTIFY THAT THIS REPORT OF MEDICAL EVALUATION is complete and accurate and complies with the Texas Workers' Compensation Act and applicable rules, and I understand that making a misrepresentation about a workers' compensation claim is a crime that can result in fines and/or imprisonment.

Signature of Certifying Doctor: [signature] MD Date of Certification: 12/23/2010

PART III: MEDICAL STATUS INFORMATION

15 Date of Exam: 12/23/2010

16 Diagnosis (ICD-9 Codes): 1) 915.8 2) V01.9 3) 4)

17. Indicate whether the employee has reached Clinical or Statutory MMI based upon the following definitions:

Clinical Maximum Medical Improvement (Clinical MMI) is the earliest date after which, based upon reasonable medical probability, further material recovery from or lasting improvement to an injury can no longer reasonably be anticipated.

Statutory MMI is the later of: (1) the end of the 104th week after the date that temporary income benefits (TIBs) began to accrue; or (2) the date to which MMI was extended by the Division through operation of Texas Labor Code §408.104.

a) ☑ Yes, I certify that the employee reached ☐ STATUTORY / ☑ CLINICAL (mark one) MMI on 12/23/2010 (may not be a prospective date) and have included documentation relating to this certification in the attached narrative. OR

b) ☐ No, I certify that the employee has NOT reached MMI but is expected to reach MMI on or about _____. The reason the employee has not reached MMI is documented in the attached narrative.

NOTE – The fact that an employee reaches either Clinical MMI or Statutory MMI does not signify that the employee is no longer entitled to medical benefits.

PART IV: PERMANENT IMPAIRMENT

18. If the employee has reached MMI, indicate whether the employee has permanent impairment as a result of the compensable injury.

"Impairment" means any anatomic or functional abnormality or loss existing after MMI that results from a compensable injury and is reasonably presumed to be permanent. The finding that impairment exists must be made based upon objective clinical or laboratory findings meaning a medical finding of impairment resulting from a compensable injury based upon competent objective medical evidence that is independently confirmable by a doctor, including a designated doctor, without reliance on the subjective symptoms perceived by the employee.

a) ☑ I certify that the employee does not have any permanent impairment as a result of the compensable injury. OR

b) ☐ I certify that the employee has permanent impairment as a result of the compensable injury. The amount of permanent impairment is _____%, which was determined in accordance with the requirements of the Texas Workers' Compensation Act and Workers' Compensation Rules. The attached narrative provides documentation involved in the calculation of the impairment rating assigned using the following edition of the Guides to the Evaluation of Permanent Impairment published by the American Medical Association (AMA): ☐ third edition, second printing, February 1989. OR ☐ fourth edition, 1st, 2nd, 3rd, or 4th printing, including corrections and changes issued by the AMA prior to May 18, 2000.

You have been certified to have reached Maximum Medical Improvement (MMI) and had an Impairment Rating (IR) assigned. Entitlement to Impairment Income Benefits (IIBs) begins the day after the date you were certified as having reached MMI. For each percentage point of impairment rating, you will receive 3 weeks of benefits. The amount of your IIBs benefit is based on 70% of the reported Average Weekly Wage of $479.12.

We have received a report from Dr. Eric Wilke, M.D. (copy attached) certifying that you have reached MMI and you do not have any permanent impairment as a result of this compensable injury. Based on this report you are not eligible for any income benefits of any type. You remain entitled to necessary medical benefits related to this injury.

If you are expected to be paid benefits for a period of eight weeks or more, you may request that we make benefit payments by electronic funds transfer directly to your bank account. Also, you may request that we change your IIBs to a monthly payment.

Explanatory Comments:

If you do not agree with this certification of MMI and/or IR you have 90 days from the date you receive this notication of MMI and/or IR to file a dispute with the Texas Department of Insurance, Division of Workers' Compensation by contacting the Division office handling your claim at 1-800-252-7031.

If you are interested in having your payments made directly to your bank account or do not agree with the finding of MMI, IR certified by the doctor, or the amount being paid please contact me:

Date of Injury: 07/28/2009
Date mailed: 08/10/2009

Please complete, sign, and date this claims questionnaire and return in the enclosed postage paid envelope as soon as possible.

1. Did your injury occur while performing your normal job duties?

Yes

2. Please state in your own words where and how your injury occurred.

I was at the LARR (CMP) facility at Texas A&M Univ. infecting mice with Borrelia burgdorferi when the syringe slipped and the needle grazed my glove and stuck my thumb. There was no obvious hole (or blood) but I erred on the side of caution and went to Scott and White Clinic for treatment.

3. Please state in your own words any physical harm or damage to your body that resulted from the work related incident.

None

WORKER'S COMPENSATION

EMPLOYER:
Texas A and M University.

DATE OF INJURY:
July 28, 2009.

PRIMARY CARE PHYSICIAN:
James V. Bonds, MD

HISTORY OF PRESENT ILLNESS:
The patient is a 44-year-old male who does work in a microbiology area. He is involved with research dealing with Lyme disease. He had Lyme infectious agent in a needle that he was to inject a mouse today. Somehow, the syringe he feels punctured the glove on his hand. It did have material in it and it had not been injected yet into the animal. He states that he did not notice any blood within the glove nor any blood on the thumb despite trying to manipulate that area. It is a little sore but had no true blood component present. He has no significant underlying medical problems.

ALLERGIES:
Tetanus.

SOCIAL HISTORY:
Negative for tobacco use.

PHYSICAL EXAMINATION:

209-0621-23
KB

VITAL SIGNS: Temp 98.9, pulse 64 respirations 16, blood pressure 123/71. Weight 168 pounds.
SKIN: Right thumb shows no evidence of puncture site or bleeding at present time. No erythema or redness noted.

ASSESSMENT PLAN:
Needle sick with a potential exposure to Lyme disease. I will go ahead and empirically treat him as this were an initial tick bite with treatment with doxycycline 100 mg twice a day for a total of 3 weeks. If he would develop any fever, chills, unusual rash or general arthralgias then followup is recommended. No titer was done today as I would not anticipate any evidence of titer with initial stick at this time. He will be released back to work with no restrictions and no anticipated need for followup unless other symptoms occur.

PLEASE USE THE INFORMATION BELOW AS YOU DEEM NECESSARY

☐ We have received a medical bill/report that indicates an injury may have occurred on . Please verify with your records. If an injury occurred forward a copy of the Employer's First Report of Injury or your incident/accident report so we may timely process the medical bill. If an injury has not been reported, please notify this office, in writing, as soon as possible. ***If a response is not received within 3 days of receipt of this notice the claim for compensability will be accepted.***

☐ The employer's First Report of Injury has been received. Weekly compensation benefits will begin after the seven day waiting period pursuant to the Texas Workers' Compensation Act if disability continues **unless a Supplemental Report of Injury is received indicating the employee has returned to work or unless the Request for Paid Leave is received indicating that the employee will use sick and or annual leave.** A wage statement is required if the employee is disabled for more than eight days, even if the employee is using sick/annual leave of FMLA leave.

☒ This claim has been accepted as a compensable injury.

☐ This is a questionable claim. However, sufficient evidence does not exist at this time to contest compensability. Please provide us with written witness statements, and any other objective information that would assist us in making a determination of compensability.

☐ This claim has been denied because:
- ☐ There was no injury in course and scope of employment
- ☐ The injury was not sustained in the course & scope of employment
- ☐ Untimely notice of injury was given
- ☐ The injury is considered an ordinary disease of life

We are disputing entitlement of any body part, medical condition, or diagnosis other than an exposure to brucella, only because:

The Texas A&M University System as the workers' compensation insurance carrier for Texas AgriLife Research accepts that the compensable injury extends to and includes an exposure to brucella, only, that occurred on or about 06/05/2009. Carrier disputes that the compensable injury extends to and includes any and all other body parts and/or medical conditions. If further evidence is presented our decision will be reviewed.

If you do not agree with the dispute and refusal to pay benefits, please contact me:

Subject: New injury?

Kaye,

We got a bill yesterday. TAMUS rec'd date = 6/23/09. On The claim # on the bill is 204023306 (DOI 12/15/03). However, the documentation indicates that this is a more recent exposure to Brucella. Would you please investigate to see if a new injury was filed this month?

DOI and DOS on the bill is 6/5/09 and provider is Scott and White.

Thanks!

Dani

DATE OF INJURY:
June 5, 2009

EMPLOYER:
Texas A and M University.

JOB:
Ph.D. research scientist in the veterinary medicine school.

PLACE OF INJURY:
On the job.

NARRATIVE:
The patient is a 31-year-old Ph.D. research scientist, who was seen in the urgent care clinic by Dr. Thomas K Welch on June 5, 2009, after having a potential exposure to brucellosis. Dr. Welch felt that it was in the best interest to place the patient on antibiotics, and patient was started on antibiotics in the form of doxycycline 100 mg p.o. b.i.d. and rifampin 300 mg p.o. b.i.d.

Brucellosis titer was obtained and was negative. Patient is seen today for consultation regarding the exposure.

MEDICATIONS:
Patient is currently only on birth control pills in the form of Micronor; no other medications.

209-0538-06 KB

SOCIAL HISTORY:
She is a nonsmoker. The patient has 2 children, ages 9 months and 2 years. She grew up in the New York City area and came to Texas approximately 10 years ago.

She denies any previous difficulties with exposure. She does have livestock in the form of goats and a miniature donkey, and states she has had no ill animals at home.

REVIEW OF SYSTEMS:
Denies fever or chills, and has had no difficulty with any systemic complaints.
Review of systems otherwise negative.

PHYSICAL EXAMINATION:
VITAL SIGNS: Blood pressure 100/67, pulse 76, respirations 20. Weight 107 pounds.
GENERAL: The patient is an alert, bright, pleasant female in no acute distress.
HEENT: Shows pupils are equal and reactive. EOMs are intact. Fundi are clear. TMs are clear. Mucous membranes of the mouth are moist, well hydrated. No lesions are noted. Cranial nerves are intact.
NECK: No adenopathy, thyromegaly or bruits.
LUNGS: Clear.
CARDIAC: Normal S1 and S2. No murmurs or irregularities.
LYMPHATICS: The patient has no evidence of axillary adenopathy. There is no evidence of inguinal adenopathy, or popliteal adenopathy.
ABDOMEN: Soft, concave. No masses or tenderness. There is no evidence of hepatosplenomegaly. Bowel sounds are quite active.
EXTREMITIES: No cyanosis or edema. There are no evidence of skin lesions or other abnormalities present.

IMPRESSION:
Low-risk exposure to brucellosis.

DISPOSITION:
Patient indicates that she did not get the antibiotics filled as she did not feel they were indicated, and at this point in time, in view of the low risk, I do concur. I feel we can wait until she has her followup brucellosis titer in 4 weeks to determine if there was a distinct exposure present.

If there is a significant change in her titer, then certainly the antibiotics would be justified. She is aware of this. Approximately 30 minutes was spent today with the patient answering her questions, and addressing her concerns.

DATE OF INJURY:

CHIEF COMPLAINT:
Exposure to Brucella.

The patient is a 31-year-old female who works in the Texas A and M lab, which deals with different bacteria. There was 1 bag of trash, which was potentially in a non-clean room that found its way to the hallway where she apparently walked through. The supervisor there suggested that she may have touched the bag, but she does not recall doing that. She did have Brucella titers done actually last week as a routine part of her job. She is 9 months postpartum and is on progestin-only birth control pills. She has no significant medical illnesses.

PAST MEDICAL HISTORY:
Generally noncontributory.

ALLERGIES:
Questionable doxycycline, states that she became very nauseated after taking some doxycycline after having a dental extraction. She only took a couple of doses, but quit taking them because of the nausea. She does not describe any anaphylactic type shock.

2009 0538.04
KB

EXAM:
VITAL SIGNS: Temp 96.5, pulse 67, respirations 18, blood pressure 105/60. Weight is 109 pounds.

ASSESSMENT AND PLAN:
Exposure to brucellosis. Since exposure was today, no specific signs or symptoms would be present. I think the relative potential likelihood of exposure would have been very low, but due to the fact that treatment would need to be 6 weeks and probably started more abruptly, I recommend going ahead and doing oral treatment at this time with doxycycline and rifampin. We have prescribed her doxycycline 100 mg 1 p.o. b.i.d. with rifampin 300 mg 1 p.o. b.i.d. I wrote for a 3-week supply with a 3-week refill.

The patient was seen at approximately 5:15 on a Friday afternoon. I recommended at the present time going ahead and empirically starting treatment with the thought any further decisions on treatment to start, withhold based upon exposure could be handled by the Occupational Medicine department. We will try to get her followed by Dr. Mackey, hopefully within 1 to 2 weeks, since he is here on a limited basis.

We discussed that her side effect probably was not an allergic reaction, but potentially a side effect from the medicine, but I recommended going ahead and attempting to try it since it is the weekend with eating a reasonably decent meal ahead of time and if she were to develop significant gastrointestinal symptoms, then stop the medication and call Occupational Medicine department on Monday to determine any further treatment options or actions at that time. The patient denies the possibility of being pregnant at this time. I did mention that antibiotics would affect her birth control pills and use a separate form of barrier form of contraception while taking the antibiotics. Did discuss side effect of urine turning orange with the rifampin.

CITY, STATE, ZIP:

FAXED TO STARR
DATE: 8/14/09

RE: DATE OF INJURY: 06/05/2009
NATURE OF INJURY: Possibe Exposure to Brucella
PART OF BODY INJURED: Body
EMPLOYEE SSN:
DWC #: Unknown
CARRIER NAME/TPA NAME: THE TEXAS A&M UNIVERSITY SYSTEM
CARRIER CLAIM#: 209-0539-06
EMPLOYER NAME: Texas AgriLife Research
EMPLOYER ADDRESS: 3000 Briarcrest Drive, Ste 504
EMPLOYER CITY, STATE, ZIP: Bryan, TX 77802

We are disputing entitlement of any body part, medical condition, or diagnosis other than a possible exposure to brucella, only because:

The Texas A&M University System as the workers' compensation insurance carrier for Texas AgriLife Research accepts that the compensable injury extends to and includes a possible exposure to brucella, only, that occurred on or about 06/05/2009. Carrier disputes that the compensable injury extends to and includes any and all other body parts and/or medical conditions. If further evidence is presented our decision will be reviewed.

If you do not agree with the dispute and refusal to pay benefits, please contact me:

We are disputing entitlement of any body part, medical condition, or diagnosis other than a possible exposure to brucella, only because:

The Texas A&M University System as the workers' compensation insurance carrier for Texas AgriLife Research accepts that the compensable injury extends to and includes a possible exposure to brucella, only, that occurred on or about 06/05/2009. Carrier disputes that the compensable injury extends to and includes any and all other body parts and/or medical conditions. If further evidence is presented our decision will be reviewed.

DOB:
DATE OF SERVICE: 06/05/2009

Today Care

A 56-year-old female patient who works in a veterinary pathology department at the Texas A and M Veterinary School. She reports that she has had a potential exposure to Brucella. She inappropriately handled a biohazard bag. The biohazard bag contained bovine products that might have Bruce. The case is not yet confirmed, but following the protocol of the university the patient is here today for evaluation. She has already had brucella titer baseline drawn. The patient is not concerned. She feels that even the potential exposure is minimal and since she has 37 years of experience working in the lab, she has had contact although through appropriate handling with products containing Brucella previously. Other review of systems is negative. The patient's general summary sheet in Sequoia 5 is reviewed and information there is noted.

PHYSICAL EXAMINATION:
GENERAL: This is a pleasant, generally healthy-appearing 56-year-old.
VITAL SIGNS: Temperature 98.9. Pulse 95. Respiratory rate 18. Weight 204 pounds. Blood pressure 141/97. Patient reports for her this is high because of having the concern about a protocols involved with potential Brucella exposed.
HEAD/EYES/EARS/NOSE/MOUTH/THROAT: No acute infection. The rest of the exam has no notable findings.

ASSESSMENT:
Potential Brucella exposure.

PLAN:
The nature and natural history of Brucella in humans is discussed with the patient. Generally this results in flu-type symptoms or arthralgias and myalgias. The patient should have a followup titer drawn in 2 weeks. This

209-0539-06 KB

is already planned. If there is a increase in titers she should consult again. Otherwise, she is reassured that the statistical probability based on general likelihood and probability of developing Brucella infection from what she described happened today is minimal. This is a workman's comp claim and the requisite paperwork is filled out.

PLEASE USE THE INFORMATION BELOW AS YOU DEEM NECESSARY

☐ We have received a medical bill/report that indicates an injury may have occurred on . Please verify with your records. If an injury occurred forward a copy of the Employer's First Report of Injury or your incident/accident report so we may timely process the medical bill. If an injury has not been reported, please notify this office, in writing, as soon as possible. ***If a response is not received within 3 days of receipt of this notice the claim for compensability will be accepted.***

☐ The employer's First Report of Injury has been received. Weekly compensation benefits will begin after the seven day waiting period pursuant to the Texas Workers' Compensation Act if disability continues **unless a Supplemental Report of Injury is received indicating the employee has returned to work or unless the Request for Paid Leave is received indicating that the employee will use sick and or annual leave.** A wage statement is required if the employee is disabled for more than eight days, even if the employee is using sick/annual leave of FMLA leave.

☒ This claim has been accepted as a compensable injury.

☐ This is a questionable claim. However, sufficient evidence does not exist at this time to contest compensability. Please provide us with written witness statements, and any other objective information that would assist us in making a determination of compensability.

☐ This claim has been denied because:
- ☐ There was no injury in course and scope of employment
- ☐ The injury was not sustained in the course & scope of employment
- ☐ Untimely notice of injury was given
- ☐ The injury is considered an ordinary disease of life

On February25, 2009 we received notice that you reported an on the job injury. We are denying your claim for workers' compensation benefits. Workers' compensation benefits, including medical benefits, are not being paid because:

The Texas A&M University System as the workers' compensation insurance carrier for the Texas A&M University denies compensability/liability for the exposure to tuberculosis that occurred on or about 02/02/2009. Exposure in and of itself would not be considered an injury in course and scope of employment, absent physical harm or damage to the body nor an occupational disease absent an illness resultant from the exposure. If further evidence is presented, it will be reviewed.

If you do not agree with the denial and refusal to pay benefits, please contact me:

Adjuster's Name: Kaye Ball
Toll Free Telephone #: 1-866-249-8574

GENERAL CONSENT AND DISCLOSURE

The information in this consent form is given so that you will be better informed about the health care services you will receive. After you are sure you understand the information which will be given about the services and, if you agree to receive the services, you must sign this form to indicate that you understand and consent to the services.

NOTIFICATION: _____
(Name of Health Department)
(hereafter called the Department) encourages individuals to seek a personal physician for periodic health examinations and for treatment of health problems. The Department clinic services are targeted primarily toward prevention of health problems among those who cannot access a physician. The Department cannot assume the responsibility for payment of medical care received outside this clinic, including the delivery of babies, unless previous authorization has been given.

DISCLAIMER ON SCREENING: Among its services, the Department utilizes screening tests, which are a method of identifying individuals who are at risk for developing several common medical problems. In this way they can alert you to promptly seek medical evaluation and treatment from a private physician of your choosing. Screening tests perform valuable service in helping to find certain diseases early in their course. However, these screening tests do not cover all diseases, and they may miss some cases of diseases they are intended to find. They are not diagnostic and they do not constitute a complete exam.

GENERAL CONSENT: I give permission to the Department, its designated staff and other medical personnel providing services under its sponsorship to perform physical assessments or examinations, conduct laboratory or other tests, give injections, medications, and other treatments, and render other health services to the patient identified on this form.

INFORMED CONSENT: In addition to the above general consent, I understand that special informed consent forms must be read and signed for the following procedures: medications for tuberculosis and Hansen's Disease, immunizations, injectable medication for sexually transmitted diseases, family planning methods, PKU special counseling, HIV testing, and certain other things.

PRIVACY NOTICE: I acknowledge that I have received a copy of the Department's HIPAA Privacy Notice.

QUESTIONS: I certify that this form has been fully explained to me, that any blank lines have been filled in and that ar questions I have had about the services have been answered to my satisfaction.

SIGNATURES: Fill blank lines with NA if not applicable.

☐ We have received a medical bill/report that indicates an injury may have occurred on . Please verify with your records. If an injury occurred forward a copy of the Employer's First Report of Injury or your incident/accident report so we may timely process the medical bill. If an injury has not been reported, please notify this office, in writing, as soon as possible. ***If a response is not received within 3 days of receipt of this notice the claim for compensability will be accepted.***

☐ The employer's First Report of Injury has been received. Weekly compensation benefits will begin after the seven day waiting period pursuant to the Texas Workers' Compensation Act if disability continues **unless a Supplemental Report of Injury is received indicating the employee has returned to work or unless the Request for Paid Leave is received indicating that the employee will use sick and or annual leave.** A wage statement is required if the employee is disabled for more than eight days, even if the employee is using sick/annual leave of FMLA leave.

☐ This claim has been accepted as a compensable injury.

☐ This is a questionable claim. However, sufficient evidence does not exist at this time to contest compensability. Please provide us with written witness statements, and any other objective information that would assist us in making a determination of compensability.

☒ This claim has been denied because:
- ☒ There was no injury in course and scope of employment

On February25, 2009 we received notice that you reported an on the job injury. We are denying your claim for workers' compensation benefits. Workers' compensation benefits, including medical benefits, are not being paid because:

The Texas A&M University System as the workers' compensation insurance carrier for the Texas A&M University denies compensability/liability for the exposure to tuberculosis that occurred on or about 02/02/2009. Exposure in and of itself would not be considered an injury in course and scope of employment, absent physical harm or damage to the body nor an occupational disease absent an illness resultant from the exposure. If further evidence is presented, it will be reviewed.

If you do not agree with the denial and refusal to pay benefits, please contact me:

EMPLOYER CITY, STATE, ZIP: College Station, TX 77843-1255

On February25, 2009 we received notice that you reported an on the job injury. We are denying your claim for workers' compensation benefits. Workers' compensation benefits, including medical benefits, are not being paid because:

The Texas A&M University System as the workers' compensation insurance carrier for the Texas A&M University denies compensability/liability for the exposure to tuberculosis that occurred on or about 02/02/2009. Exposure in and of itself would not be considered an injury in course and scope of employment, absent physical harm or damage to the body nor an occupational disease absent an illness resultant from the exposure. If further evidence is presented, it will be reviewed.

If you do not agree with the denial and refusal to pay benefits, please contact me:

Adjuster's Name: Kaye Ball
Toll Free Telephone #: 1-866-249-8574
Fax #/E-mail Address: 1-979-458-6247/KBall@tamu.edu

If we are unable to resolve the issue to your satisfaction, you may contact the Texas Department of Insurance, Division of Workers' Compensation for further assistance. You have the right to request a Benefit Review Conference. Contact the Division office handling your claim at 1-800-252-7031.

PLEASE USE THE INFORMATION BELOW AS YOU DEEM NECESSARY

☐ We have received a medical bill/report that indicates an injury may have occurred on . Please verify with your records. If an injury occurred forward a copy of the Employer's First Report of Injury or your incident/accident report so we may timely process the medical bill. If an injury has not been reported, please notify this office, in writing, as soon as possible. ***If a response is not received within 3 days of receipt of this notice the claim for compensability will be accepted.***

☐ The employer's First Report of Injury has been received. Weekly compensation benefits will begin after the seven day waiting period pursuant to the Texas Workers' Compensation Act if disability continues **unless a Supplemental Report of Injury is received indicating the employee has returned to work or unless the Request for Paid Leave is received indicating that the employee will use sick and or annual leave.** A wage statement is required if the employee is disabled for more than eight days, even if the employee is using sick/annual leave of FMLA leave.

☐ This claim has been accepted as a compensable injury.

☐ This is a questionable claim. However, sufficient evidence does not exist at this time to contest compensability. Please provide us with written witness statements, and any other objective information that would assist us in making a determination of compensability.

☒ This claim has been denied because:
- ☒ There was no injury in course and scope of employment
- ☐ The injury was not sustained in the course & scope of employment
- ☐ Untimely notice of injury was given

GENERAL CONSENT AND DISCLOSURE

The information in this consent form is given so that you will be better informed about the health care services you will receive. After you are sure you understand the information which will be given about the services and, if you agree to receive the services, you must sign this form to indicate that you understand and consent to the services.

NOTIFICATION: _____
(Name of Health Department)
(hereafter called the Department) encourages individuals to seek a personal physician for periodic health examinations and for treatment of health problems. The Department clinic services are targeted primarily toward prevention of health problems among those who cannot access a physician. The Department cannot assume the responsibility for payment of medical care received outside this clinic, including the delivery of babies, unless previous authorization has been given.

DISCLAIMER ON SCREENING: Among its services, the Department utilizes screening tests, which are a method of identifying individuals who are at risk for developing several common medical problems. In this way they can alert you to promptly seek medical evaluation and treatment from a private physician of your choosing. Screening tests perform valuable service in helping to find certain diseases early in their course. However, these screening tests do not cover all diseases, and they may miss some cases of diseases they are intended to find. They are not diagnostic and they do not constitute a complete exam.

GENERAL CONSENT: I give permission to the Department, its designated staff and other medical personnel providing services under its sponsorship to perform physical assessments or examinations, conduct laboratory or other tests, give injections, medications, and other treatments, and render other health services to the patient identified on this form.

INFORMED CONSENT: In addition to the above general consent, I understand that special informed consent forms must be read and signed for the following procedures: medications for tuberculosis and Hansen's Disease, immunizations, injectable medication for sexually transmitted diseases, family planning methods, PKU special counseling, HIV testing, and certain other things.

PRIVACY NOTICE: I acknowledge that I have received a copy of the Department's HIPAA Privacy Notice.

QUESTIONS: I certify that this form has been fully explained to me, that any blank lines have been filled in and that ar questions I have had about the services have been answered to my satisfaction.

SIGNATURES: Fill blank lines with NA if not applicable.

On 02/25/2009 we received notice that you reported an on the job injury. We are denying your claim for workers' compensation benefits. Workers' compensation benefits, including medical benefits, are not being paid because:

The Texas A&M University System as the workers' compensation insurance carrier for Texas A&M University denies compensability and/or liability for the exposure to tuberculosis on or about 02/02/2009. Exposure in and of itself would not be an injury in course and scope of employment absent physical harm or damage to the body nor an occupational disease absent an illness resultant from the exposure. If further evidence is presented our decision may be reviewed.

If you do not agree with the denial and refusal to pay benefits, please contact me:

GENERAL CONSENT AND DISCLOSURE

The information in this consent form is given so that you will be better informed about the health care services you will receive. After you are sure you understand the information which will be given about the services and, if you agree to receive the services, you must sign this form to indicate that you understand and consent to the services.

NOTIFICATION: _____
(Name of Health Department)
(hereafter called the Department) encourages individuals to seek a personal physician for periodic health examinations and for treatment of health problems. The Department clinic services are targeted primarily toward prevention of health problems among those who cannot access a physician. The Department cannot assume the responsibility for payment of medical care received outside this clinic, including the delivery of babies, unless previous authorization has been given.

DISCLAIMER ON SCREENING: Among its services, the Department utilizes screening tests, which are a method of identifying individuals who are at risk for developing several common medical problems. In this way they can alert you to promptly seek medical evaluation and treatment from a private physician of your choosing. Screening tests perform valuable service in helping to find certain diseases early in their course. However, these screening tests do not cover all diseases, and they may miss some cases of diseases they are intended to find. They are not diagnostic and they do not constitute a complete exam.

GENERAL CONSENT: I give permission to the Department, its designated staff and other medical personnel providing services under its sponsorship to perform physical assessments or examinations, conduct laboratory or other tests, give injections, medications, and other treatments, and render other health services to the patient identified on this form.

INFORMED CONSENT: In addition to the above general consent, I understand that special informed consent forms must be read and signed for the following procedures: medications for tuberculosis and Hansen's Disease, immunizations, injectable medication for sexually transmitted diseases, family planning methods, PKU special counseling, HIV testing, and certain other things.

PRIVACY NOTICE: I acknowledge that I have received a copy of the Department's HIPAA Privacy Notice.

QUESTIONS: I certify that this form has been fully explained to me, that any blank lines have been filled in and that ar questions I have had about the services have been answered to my satisfaction.

SIGNATURES: Fill blank lines with NA if not applicable.

WORKER'S COMPENSATION INJURY

EMPLOYER:
Texas A and M University.

DATE OF INJURY:
June 13, 2008.

I am following this patient for who is the treating physician.

SUBJECTIVE:

208-0441-02 KB

This is a 25-year-old, Caucasian male who presents to Occupational Medicine Clinic. He was originally seen through the TodayCare clinic after a potential exposure to brucella, tuberculosis, and acute fever. On the date of original visit, a chest x-ray was requested. Hemogram laboratory drawn for brucella titer, Q fever. A PPD was also applied to rule out possible exposure. He is here for followup on those labs. He did take the doxycycline which was given as a prophylaxis for possible infection.

PHYSICAL EXAMINATION:
VITAL SIGNS: Pulse of 83. Blood pressure is 147/93. Weight is 178 pounds.

Laboratory review with him today indicates brucella is negative. Q fever less than 1 to 16 which is the normal range. His blood count was reviewed including his WBC count of 8.7, hemoglobin 16.6, hematocrit of 47.2, and platelets of 205,000. He is having no other symptoms. No cough or congestion. No lymph node enlargement or other complaints.

ASSESSMENT:
Possible exposure to Brucella, tuberculosis, Q fever with negative titer, negativePPD.

PLAN:
A Q fever and brucella titer will be drawn today. It is recommended at 90 days, he has a repeat PPD applied. He is given a Texas Worker's Compensation form 73 without restriction today. The laboratory evaluation today will be relayed to the patient once concluded.

PLEASE USE THE INFORMATION BELOW AS YOU DEEM NECESSARY

☐ We have received a medical bill/report that indicates an injury may have occurred on . Please verify with your records. If an injury occurred forward a copy of the Employer's First Report of Injury or your incident/accident report so we may timely process the medical bill. If an injury has not been reported, please notify this office, in writing, as soon as possible. ***If a response is not received within 3 days of receipt of this notice the claim for compensability will be accepted.***

☐ The employer's First Report of Injury has been received. Weekly compensation benefits will begin after the seven day waiting period pursuant to the Texas Workers' Compensation Act if disability continues **unless a Supplemental Report of Injury is received indicating the employee has returned to work or unless the Request for Paid Leave is received indicating that the employee will use sick and or annual leave.** A wage statement is required if the employee is disabled for more than eight days, even if the employee is using sick/annual leave of FMLA leave.

☒ This claim has been accepted as a compensable injury.

☐ This is a questionable claim. However, sufficient evidence does not exist at this time to contest compensability. Please provide us with written witness statements, and any other objective information that would assist us in making a determination of compensability.

☐ This claim has been denied because:
- ☐ There was no injury in course and scope of employment
- ☐ The injury was not sustained in the course & scope of employment
- ☐ Untimely notice of injury was given
- ☐ The injury is considered an ordinary disease of life
- ☐ Disability only, medical documentation required to establish physical harm
- ☐ Other:
