Subject: Terry's Harvest
Date: Monday, October 05, 2009 8:16:04 AM

Hey again,

Some of you may have already figured this out, but we are not going to harvest my stiff today. I called Al and the field got nearly 2 inches of rain this weekend, so we are going to postpone harvest till another date to be determined yet. Hopefully the weather will start cooperating with us soon.

Thanks for all those who showed up to help,

-Terry
