Hi All,

I have added several new folks to the listserv. Welcome Aboard. New additions:

Edy MacDonald – New Zealand Department of Conservation

Patti Mulligan – Genetic Engineering & Society Center, North Carolina State University

Joshua Ross – University of Adelaide

Thomas Prowse – University of Adelaide

For the new additions – please feel free to communicate thru the listserv. I need to approve all emails (due to a difficulty in the system). We will be transitioning to a new system in the near future.

Until then, for ease of direct communication, here are the email addresses of everyone on the list by organization with the GBIRd Steering Committee member(s) listed first with asterisk.
