---

Apropos of our earlier exchange,

The email below has a link to a report from a meeting that I participated in as speaker and discussion group moderator. It would be a good document to post either as a pdf or as a link to the VW Foundation.

**Subject:** Conference Report "Assessing the Security Implications of Genome Editing Technology"

Dear Professor Heitman,  
Thank you once again for your participation in the meeting on "**Assessing the Security Implications of Genome Editing Technology**" held in Herrenhausen, Germany, last October. We are pleased to inform you that the report of the meeting is now available on the Volkswagen Foundation website at:  
[www.volkswagenstiftung.de/en/events/event-reports/documentation-assessing-the-security-implications-of-genome-editing-technology](http://www.volkswagenstiftung.de/en/events/event-reports/documentation-assessing-the-security-implications-of-genome-editing-technology)  
Yours sincerely  
The Organising team from Volkswagen Foundation
