Hello Team,

Yesterday late afternoon US Eastern time, I sent a request for interest for contributing to an abstract late in the process. I was surprised and delighted with the amount of interest. To me, this seems like an indicator of the growing strength/cohesiveness of our partnership.

Attached is the abstract we pulled together. Please be thinking about the main aspects of your focus area(s) that you would like to profile on the poster/talk (if you want it to be communicated).

Keep up the GREAT Work everyone!

Continuous Gratitude,
Royden
