Good evening all - and yes it is evening everywhere in GBIRd land,

I am passing along an opportunity that my colleague, Carol, has found. Many Thanks Carol!

Good Luck Team,
Royden

Subject: grant opp for research partners

Hi Royden,

Just came across this opportunity...

Best,
Carol

[International Center for Genetic Engineering and Biotechnology](#) [– Research Grants 2017](#)

The ICGEB Research Grants support projects in agricultural biotechnology, environmental bio-remediation, and many other fields. The grants are intended to facilitate the creation of research facilities in promising institutes; to promote training of young scientists; and to develop new research programs in participating countries. The program is open to applicants who have positions at universities and research institutes in ICGEB's member states. Grants are a maximum of €25 thousand per year for projects of up to three years. The deadline for submitting applications is 30 April of each year. [Link](#)
