Hi GBIRD Partnership =E2=80=93 Please Read,

=C2=B7 DARPA =E2=80=93 Thanks again to John Godwin, who is leading a Herculean effort, an Everest Challenge. If successful, DARPA will have increased funding by orders of magnitude to this point!! We knew this was going to be DARPA hard going into the application, but PLEASE, PLEASE, PLEASE= be continue to support any request he has regarding these negotiations!

=C2=B7 White House OSTP - Karl, Owain, Dan and I will be presenting = the GBIRD program to the Pandemic Prediction and Forecasting Science and Technology Working Group at the White House Conference Center on Wednesday. = There are ~150 governmental representatives on this working group. We can = expect ~60 for the presentation. Modeling may be a prominent topic of discussion for this meeting.

=C2=B7 Modeling - Speaking of modeling, Jacob or I will send out a doodle poll with those associated with Modeling aspect of GBIRD. The intent= is to formalize a process for integrating modeling data into our planning = and strategy process. Please keep a lookout for this poll.
