Team,

May be an important reference for anyone making applications for funding to US government entities for GBIRD.

Cheers,
Karl

The White House, Office of the Press Secretary, March 27, 2017

Presidential Memorandum on The White House Office of American Innovation

SUBJECT: The White House Office of American Innovation

America has long led the world in innovation and technological advancement. American ingenuity has launched industries, created jobs, and improved quality of life at home and abroad. To ensure that America remains the global innovation leader, I hereby direct the Senior Advisor to the President to head an office in the White House dedicated to American innovation. This office will bring together the best ideas from Government, the private sector, and other thought leaders to ensure that America is ready to solve today's most intractable problems, and is positioned to meet tomorrow's challenges and opportunities. The office will focus on implementing policies and scaling proven private-sector models to spur job creation and innovation.
