Hi All,

Attached you will find the steering committee draft notes. Please review and send corrections for me to update.

Also, FYI. I am assessing two types of collaboration software

<https://basecamp.com/> (recently put in use by NCSU Genetic Engineering and Society Center)

<https://trello.com/> (used by Island Conservation South American Section)

If you have any other first hand experience and would like to recommend, please let me know. This will create a bit of learning curve, but should reduce effort in the long run.

Cheers,
Royden

J. Royden Saah
Coordinator
Genetic Biocontrol of Invasive Rodents Program
