

**Subject:** [gbird] FW: [Geneticrescue] Environment 360 has a fine piece on gene drives for island conservation

**From:** Karl Campbell <karl.campbell@islandconservation.org>

**Date:** 7/20/2017 1:19 PM

**To:** "gbird@lists.ncsu.edu" <gbird@lists.ncsu.edu>

**CC:** Sally Esposito <sally.esposito@islandconservation.org>

Apologies for cross-postings for those on the GeneticRescue list-serve.

Cheers,  
Karl
