Hi All,

Admittedly I am behind in coordinating the upcoming GBIRD and Gene Drive Regulations meetings. I am confirming that the dates for the GBIRD meeting will be Nov 5-6 in the Washington DC area. Though not set in stone, the Regulations meeting will follow after that – most likely be Nov 7-8 (maybe three days, maybe start on the 8th).

I am refreshed and back in full swing. John and I had DARPA planning meetings yesterday and this AM. DARPA awardees, expect a calendar notification for a meeting 7 days from now, on Tue Sept 5th (US Date).

J. Royden Saah
