Hi All,

John G. and Jason had an engagement with the general public at the NC Museum of Natural Sciences on Thursday. This is the first public engagement of the GBIRD/Safe Genes Program for which I am aware. It went well with both concerned and excited questions asked respectfully.

The link to the presentation is below.

With Warm Regards
Royden

Hi Jason,
Thank you again for last night. It was a great program. There were 110 people there!
Here is a link https://www.youtube.com/watch?v=vGB_hi60xTw to the program. If you ever have any ideas for future programs, please let me know. We would love to have you back.
Have a good weekend,
Katey
