Hi All,

I usually send my trip reports to the Steering Committee, but this potential resource will be discussed at the upcoming GBIRD meeting. Modelers, Mouse Geneticists, Risk Assessors and Population Geneticists (Genetic Characterization) teams – please consider potential uses of this this supercomputing resource (currently ranked 12th in the world <https://www.top500.org/list/2017/06/?page=1>).

Cheers,
Royden

J. Royden Saah
